If during any Operating Year either Party becomes aware that (i) the aggregate Operating Costs for such Operating Year have exceeded or shall likely exceed the applicable Budget amounts for such Operating Costs, (ii) the Facility is operating at a deviation from the projections contained in the applicable Plan, or (iii) any other unforeseen circumstances have arisen which may require an adjustment to a Budget or Plan, then that
Party shall promptly notify the other Party. MIRA and Contractor shall cooperate in good faith to identify potential reductions in Operating Costs or increases in Facility throughput of Acceptable Recyclables or Revenues (or both). Contractor shall use commercially reasonable efforts to implement any such actions mutually agreed upon by MIRA and Contractor to address any scenario within the purview of this Section 11.1.

11.2 Quarterly Review of Contractor Performance

MIRA and Contractor shall meet at least quarterly at MIRA’s Business Office to review Contractor’s compliance with the Budget and Plan, the performance of any Subcontractor under a Subcontract, the performance of any Capital Project Contractor and any related matters. Contractor shall cooperate with MIRA with respect to such review and shall implement measures to correct any deficiencies identified by MIRA.

ARTICLE 12 - CONTRACTOR PROVISION OF INFORMATION

12.1 Facility Information; Contractor Provision of Facility Information

Contractor shall maintain information received from any Person, or recorded, prepared or otherwise generated by it that is necessary for the performance of the Services, the implementation of any Capital Project, or which is necessary for Contractor or MIRA as applicable, to comply with Applicable Law, any Facility Agreement, or to conduct any other Facility business, including Facility planning (collectively, “Facility Information”). Contractor shall provide MIRA with specified Facility Information within three (3) Business Days after a written request by MIRA for such Facility Information. Without limitation of the preceding sentence, Contractor shall make all Facility Information available during regular business hours for MIRA’s inspection, and MIRA shall be entitled to make copies of any such records. Contractor agrees that all Facility Information is the property of MIRA, and further agrees to turn over all Facility Information to MIRA upon the expiration or termination of this Agreement.

12.2 Updates of Contractor Documents

Contractor shall promptly provide MIRA with copies of any proposed amendments or any other changes to the O&M Manual for O&M Services T&D Manual for T&D Services and the Administrative Procedures Manual for its review and approval.

12.3 Litigation and Permit Lapses

Upon the receipt of written notification as to any of the following relating to the Facility, the Services or any Capital Project, each Party shall provide verbal notice immediately and, within three Business Days provide written notice to the other Party of the same: (i) any litigation, action or other claim filed by or with any Governmental Authority; (ii) any refusal to grant, renew or extend (or any action filed with respect to the granting, renewal or extension of) any Permit; (iii) any notice of violation, fine or other penalty issued by any Governmental Authority; (iv) any other dispute with any Governmental Authority which could reasonably be expected to affect the operation or maintenance of the Facility or performance of the Services; or (v) any litigation, action or other claim filed by any Third Party other than a Governmental Authority which could reasonably be expected to
affect the operation or maintenance of the Facility or performance of the Services. In addition to its obligation to the other Party after the receipt of written notification as to the matters identified in clauses (i), (ii), (iii), (iv) or (v), each Party shall provide verbal notice immediately and, within three Business Days also provide written notice to the other Party as to the receipt of any oral or written communications concerning such matters, which the receiving Party reasonably believes may affect the Facility, the Services or any Capital Project.

12.4 Reports; CMMS

Contractor shall provide MIRA with a daily, monthly and annual report (a “Daily Report,” “Monthly Report,” or “Annual Report,” as applicable; collectively “Reports”) containing Facility throughput, tons of Acceptable Recyclables transferred and delivered to the Designated Facility(ies) including weight tickets from such Designated Facility(ies) and other operating parameters pertaining to the Services (“Operating Parameters”), as MIRA deems necessary to evaluate and monitor Facility performance on an ongoing basis. Contractor shall input and maintain the Operating Parameters in a shared database accessible by, and acceptable to MIRA, and shall provide the Reports in both electronic and hard copy formats acceptable to MIRA. In addition, Contractor shall implement and maintain a Computerized Maintenance Management System (“CMMS”) for the Facility in a format acceptable to MIRA, which collects and stores information in a convertible format. The CMMS shall be accessible at all times by the MIRA Facility General Manager and other key MIRA Personnel as are designated by MIRA from time to time.

12.5 Monthly Deviation Report

On or before the tenth day of each Month, Contractor shall provide MIRA with a monthly report (a “Monthly Deviation Report”) in a form acceptable to MIRA, as to any deviations in (i) Operating Costs from the applicable Budget amounts, and (ii) projections from the applicable Plan, for the preceding Month.

12.6 Special Reports

Contractor shall provide to MIRA such special reports of unusual or significant unplanned operating events as soon as reasonably possible.

ARTICLE 13 - LIMITATIONS ON CONTRACTOR AUTHORITY

13.1 Limitation on Contractor Authority over Budget and Plan

MIRA retains ultimate authority over all expenses incurred with respect to the Facility, including all expenses incurred in the performance of the O&M Services or the implementation of any Capital Project. Accordingly, Contractor shall accept each Budget and Plan as approved by MIRA, and shall additionally implement any Capital Project or perform any Capital Project Contract in the manner approved by MIRA. To the extent that MIRA does not approve, or otherwise limits funds for specific Operating Costs, Contractor shall be relieved from the obligation to perform only the specific O&M Services which would have incurred such Operating Costs. Contractor may at any time
deliver a written report to MIRA containing Contractor’s reasons for believing that any disallowed Operating Cost is prudent; however, MIRA shall incur no obligation as the result of its acceptance of any such report.

13.2 General Limitation on Contractor Authority

Contractor has no authority to make policies or decisions with respect to the overall operation of the Facility as an ongoing enterprise, and agrees that MIRA shall determine all such matters. Therefore, no provision in this Agreement shall be deemed to permit, and Contractor shall take no action to do any of the following, unless specifically authorized and directed to do so by MIRA:

13.2.1 Dispose of Assets

Sell, lease, pledge, mortgage, encumber, convey, or make any license, exchange or other transfer or disposition of the Facility or any other property or assets of MIRA, including any property or assets purchased by Contractor of which the cost is an Operating Cost or a cost related to a Capital Project.

13.2.2 Make Expenditures

Make any expenditure or acquire on an Operating Cost basis any goods or services from Third Parties, except in conformity with a Budget or as otherwise authorized by MIRA; provided, however, that in the event of an actual or threatened Emergency, Contractor, without approval from MIRA, may make such reasonable expenditures as are necessary to prevent or mitigate such Emergency.

13.2.3 Take Other Actions

Take or agree to take any other action or actions that individually or in the aggregate, materially varies from the applicable Budget and Plan; provided, however, that in the event of an actual or threatened Emergency, Contractor, without approval from MIRA, may take all reasonable actions to prevent or mitigate such Emergency.

13.2.4 Act Regarding Lawsuits and Settlements

Settle, compromise, assign, pledge, transfer, release or consent to the compromise, assignment, pledge, transfer or release of, any claim, suit, debt, demand or judgment against or due from MIRA or Contractor, the cost of which, in the case of Contractor, would be an Operating Cost, or submit any such claim, dispute or controversy to arbitration or judicial process, or stipulate in respect thereof to a judgment, or consent to the same; or

13.2.5 Pursue Transactions

Engage in any transaction on behalf of MIRA not authorized by this Agreement.
13.2.6 Effect Upon T&D Services

Nothing in this section shall be construed to limit Contractor’s authority to make business decisions and act on its own account with respect to the purchase, sale, lease, maintenance or operation of equipment Contractor furnishes at its expense and which is deployed in the provision of T&D Services provided that no such decisions shall adversely affect Contractor’s ability to timely provide such T&D Services.

ARTICLE 15 - EVENTS OF DEFAULT; REMEDIES

15.1 Contractor Events of Default

Each of the following events shall constitute a “Contractor Event of Default”:

(b) Contractor (i) fails to obtain or maintain as applicable any Permit required by Applicable Law to be held in the name of Contractor; or (ii) otherwise fails to comply with any order, injunction, decree, directive, interpretation or pronouncement of or by any Governmental Authority (including the failure to timely pay any fine or other monetary penalty), and such failure continues for thirty (30) Days after written notice of the same from MIRA; provided that any such failure by Contractor which (i) is the subject of a good-faith appeal or other such adjudication by Contractor (until such time as all such adjudications have been finely resolved), or (ii) has no material impact on MIRA, Contractor, the Facility, the Site or Contractor’s ability to perform the Services, shall not be a Contractor Event of Default.
(c) Contractor becomes Bankrupt;

(d) A Lien has been made against all or any part of the Facility or the Site (or any interest in either) as the result of any encumbrance created, incurred, assumed or suffered to exist by Contractor or any Person claiming through it, and such Lien has not been vacated, removed or stayed by court order, bonding or otherwise within thirty (30) days after written notice from MIRA as to the existence of such Lien;

(e) Contractor is in default of any obligation, including a payment obligation to a Third Party, and such default impairs or has a reasonable probability of impairing Contractor’s ability to perform the Services; and such failure continues for thirty (30) Days after written notice of the same from MIRA;

(f) Contractor persistently or repeatedly materially fails to perform any of the Services in the manner required by this Agreement, including any failure to perform O&M Services or T&D Services in a manner consistent with Prudent Operating and Maintenance Practice, having earlier been notified under Section 15.2 of such failure or a similar failure;

(h) Contractor is in breach of any MIRA-approved Subcontract or Capital Project Contract, and such breach continues for thirty (30) days after written notice from MIRA as to such breach; or

(i) Contractor otherwise materially fails to perform or observe any obligation, covenant or condition required under this Agreement, and such failure continues for thirty (30) days after written notice from MIRA as to the same.

15.2 MIRA Notice as to Contractor Event of Default; Cure Period as to Certain Contractor Events of Default

MIRA shall provide written notice to Contractor of any Contractor Event of Default. For any Contractor Event of Default under Section 15.1(b), 15.1(d), 15.1(e), 15.1(g); 15.1(h) or 15(i) for which a cure period (the “Contractor Cure Period”) is provided, if the subject Contractor Event of Default is not reasonably susceptible to cure within Contractor Cure Period, and provided that Contractor has taken appropriate steps to cure such Contractor Event of Default (and shall in fact cure such Contractor Event of Default within a reasonable time), then Contractor shall have satisfied the requirements for the cure of such Contractor Event of Default, as MIRA shall determine within reasonable commercial discretion.

15.3 MIRA Remedies After Uncured Contractor Event of Default

Upon the occurrence of any one or more Contractor Event(s) of Default and Contractor’s failure to cure, as applicable, any Contractor Event(s) of Default for which a Contractor Cure Period or any longer period is permitted pursuant to Section 15.2, then MIRA may
exercise any one or all of the following remedies, either cumulatively, successively or alternatively:

15.3.1 **Termination of this Agreement**

MIRA may upon written notice to Contractor (the “MIRA Termination Notice”), terminate this Agreement; such termination to be effective on the Termination Date specified in such notice, which Termination Date shall be no less than six Months and no greater than eighteen Months after the date of the MIRA Termination Notice.

15.3.2 **Payment**

If any Contractor Event of Default is by reason of the failure to pay any monies (including to any third Party), MIRA, without obligation to do so or the obligation to pay additional monies after a partial payment, may make partial or full payment on behalf of Contractor of such monies, and all amounts so paid by MIRA shall be due from Contractor within three (3) Business Days after a MIRA demand therefore. No MIRA payment pursuant to this Section 15.3.2 shall affect MIRA’s rights against Contractor by reason of Contractor Event of Default necessitating such payment.

15.3.3 **MIRA Cure**

MIRA may cure, without obligation to so cure (or after having commenced or attempted to so cure, without obligation to continue such action), any Contractor Event of Default; provided that (A) MIRA shall not incur any liability to Contractor for any MIRA act or omission during the course of curing or attempting to cure any Contractor Event of Default, and (B) MIRA’s cure of any Contractor Event of Default shall not affect MIRA’s rights against Contractor by reason of such Contractor Event of Default.

15.3.4 **Other Remedies**

MIRA may pursue such other legal or equitable remedies and exercise such other rights or powers available to MIRA in its sole and absolute discretion, including self-help.

15.4 **MIRA Events of Default**

Each of the following events shall constitute a “MIRA Event of Default”:

(a) Any material representation or warranty made by MIRA herein, or in any certificate or other document executed and delivered by MIRA on the Effective Date in connection herewith, is untrue in any material respect on the Effective Date or on the Transition Period Commencement Date, as applicable;

(b) MIRA shall (i) fail to obtain or maintain as applicable any Permit required by Applicable Law; or (ii) otherwise fail to comply with any order, injunction, decree, directive, interpretation or pronouncement of or by any Governmental
Authority (including the failure to timely pay any fine or other monetary penalty); provided that any such failure by MIRA which (i) is the subject of a good-faith appeal or other such adjudication by MIRA (until such time as all such adjudications have been finely resolved), or (ii) has no material impact on MIRA, Contractor, the Facility, the Site or Contractor’s ability to perform the Services, shall not be a MIRA Event of Default;

(c) MIRA shall fail to make any payment due and payable to Contractor (other than a disputed payment); or

(d) MIRA shall otherwise materially fail to perform or observe any material obligation, covenant or condition required pursuant to this Agreement.

15.5 Contractor Notice as to MIRA Event of Default; Cure Period

Contractor shall provide written notice to MIRA of any MIRA Event of Default. MIRA shall have thirty days from the date of receipt of such notice (the “MIRA Cure Period”) to cure such MIRA Event of Default, provided that (i) if the subject MIRA Event of Default is not reasonably susceptible to cure within the MIRA Cure Period, and (ii) MIRA has taken appropriate steps to cure such MIRA Event of Default (and shall in fact cure such MIRA Event of Default within a reasonable time), then MIRA shall have satisfied the requirements for cure of such MIRA Event of Default.

15.6 Contractor Remedies After Uncured MIRA Event of Default

Upon the occurrence of any one or more MIRA Event(s) of Default and MIRA’s failure to cure such MIRA Event(s) of Default within the MIRA Cure Period or any additional period permitted pursuant to Section 15.5 hereof, then Contractor may upon written notice to MIRA (the “Contractor Termination Notice”), terminate this Agreement, effective on the date specified in such notice, which Termination Date shall be no less than six Months and no greater than eighteen Months after the date of Contractor Termination Notice, provided however that Contractor may terminate this Agreement immediately after the applicable cure period in the event of a MIRA Event of Default for an undisputed payment under Section 15.4(c); provided further that Contractor may suspend services immediately if MIRA’s direct actions or omissions render Contractor unable to operate the Facility in accordance with the Permits or Applicable Law.

15.7 Termination Payment

Within thirty (30) days after the Termination Date, MIRA shall pay Contractor all undisputed amounts due and payable for O&M Services or T&D Services properly performed by Contractor up to and including the Termination Date. Collectively and net of any amounts due to MIRA, all amounts due to Contractor after the termination of this Agreement are the “Termination Payment.” Contractor shall not receive and MIRA shall make no payment for anticipated or actual lost profits by Contractor resulting from the termination of this Agreement.
15.8 **Obligations of Contractor Upon Notice of Termination**

After either its receipt of a MIRA Termination Notice or its transmittal of a Contractor Termination Notice, Contractor: (i) shall not begin work on any non-commenced Capital Project; (ii) shall complete prior to the Termination Date any Capital Project begun prior to the receipt or transmittal of such notice or, if any such Capital Project cannot be completed prior to the Termination Date, Contractor shall deliver or cause any Capital Project Contractor to deliver such Capital Project to MIRA on the Termination Date in a condition such that the Capital Project shall not deteriorate until MIRA or a New Contractor has the opportunity to complete such Capital Project; (iii) shall cease the performance of the Services, other than those Services necessary for the continued operation of the Facility, and to keep the Facility in good working order and condition; (iv) shall perform any actions requested by MIRA pursuant to Section 16.4; and (v) generally conduct its operations at the Facility such that MIRA or a New Contractor may commence the performance of the Services on the Termination Date without disruption.

15.9 **Limitation on Remedies**

The remedies under this Agreement for: (i) any breach of contract; (ii) any negligent act or omission; (iii) death or personal injury; or (iv) loss of or damage to any property, are to the exclusion of any other remedy for items (i) – (iv) herein that either Party may have against the other under law.

ARTICLE 16 - EXPIRATION OR TERMINATION; TRANSITION

16.1 **Survival of Certain Provisions**

Upon the expiration or earlier termination of this Agreement, all rights and obligations shall be null and void so that neither Party shall have any further rights or obligations to the other Party; provided, however, that the following provisions shall survive the expiration or earlier termination of this Agreement: (a) any and all indemnity and payment, and Remediation obligations of Contractor or MIRA arising hereunder and under Applicable Law together with applicable limitations of liability, (b) MIRA’s remedies following a Contractor Event of Default and Contractor’s remedies following a MIRA Event of Default, (c) the provisions of this Article 16; and (d) any other provision hereof which expressly survives the expiration or earlier termination of this Agreement.

16.2 **Transfer of Custody**

Upon the expiration or termination of this Agreement, Contractor shall vacate the Facility, and shall turn over to MIRA all Facility documents and records (including the O&M Manual for O&M Services, T&D Manual for T&D Services, the Administrative Procedures Manual, all other manuals prepared for the Facility and the information described in Section 12.4), tools, supplies, spare parts and other materials, safety equipment, and any other items paid for by MIRA as Operating Costs; all of which shall remain the property of MIRA without additional compensation to Contractor. In addition, on request of MIRA, Contractor shall execute all documents and take all other reasonable steps necessary to assign to and vest in MIRA all rights, benefits, interests and title in connection with any Site Personnel collective bargaining agreement, Subcontract or any
Capital Project Contract. MIRA shall accept assignment from Contractor of any Third Party vendor agreement (excluding any Site Personnel collective bargaining agreement) that is not terminable at the Termination Date. If MIRA does not accept such assignment, it shall pay to Contractor all cancellation or other costs associated with the early termination of such Third Party vendor agreement. To the extent permitted by Applicable Law, MIRA shall only assume liability arising under any such Subcontract or Capital Project Contract, for events for which it is responsible and occurring after the assumption by MIRA of such employment agreement, Subcontract or Capital Project Contract.

16.3 Certain Obligations Concerning Site Personnel and Home Office Personnel

Contractor shall be solely responsible for complying with all Applicable Law relating to the cessation of its operations at the Facility with respect to Site Personnel and Home Office Personnel, and (as between MIRA and Contractor) with respect to the employees of any Subcontractor or Capital Project Contractor. Without limiting the generality of the preceding sentence, Contractor shall timely provide all required notices and other information required under Applicable Law to Site Personnel and Home Office Personnel. Additionally, Contractor shall be solely responsible for salary, severance, health benefits, pension benefits, workers compensation, fines, penalties and all other monies due and owed as the result of Contractor’s compliance or non-compliance with such Applicable Law.

16.4 Transition

In connection with the transition from Contractor to a new Person or Persons (individually or collectively a “New Contractor”), Contractor, after its receipt or transmittal of any termination notice pursuant to Section 15.3.1, and continuing for a period of one year following the expiration or termination of this Agreement, shall reasonably cooperate with MIRA and any New Contractor to ensure an orderly transition to the performance of the Services by the New Contractor. MIRA shall reimburse Contractor for all reasonable expenses incurred by Contractor with respect to such cooperation. Such cooperation shall include as applicable:

(a) The provision of access to the Facility to a New Contractor at reasonable times upon reasonable prior notice;

(b) The cataloguing with MIRA of all tools, supplies, spare parts and other materials, safety equipment and other materials related to the subject matter hereof and located at the Facility. With respect to any materials located at the Facility owned by Contractor (as agreed to by MIRA), if Contractor does not remove any such materials within ten days after the expiration or termination of this Agreement, such materials shall be deemed abandoned by Contractor and may either be retained by MIRA as its property without the execution of any further instrument or the payment of any consideration therefore, or may be disposed of by MIRA without recourse to MIRA; and

(c) The furnishing to MIRA upon written request of a list of all Site Personnel, together with information including their job titles, job descriptions, length of
employment at the Facility, and level of salary and benefits. Contractor shall permit MIRA or a New Contractor to hire those Site Personnel whom the MIRA or New Contractor desires to retain. To facilitate employee transfer, Contractor shall permit MIRA and the New Contractor to interview Site Personnel without obligation to hire the same, in a manner and at times that do not interfere with Contractor’s responsibility to perform the Services.

16.5 Contractor Failure to Cooperate

If Contractor fails to cooperate with MIRA or a New Contractor as required pursuant to Section 16.4 hereof, MIRA shall so notify Contractor in writing, which notice shall include MIRA’s basis to claim such failure to cooperate. If Contractor fails to cure such non-compliance within ten days following receipt of such notice, then Contractor shall pay to MIRA upon demand, all of MIRA’s costs and expenses arising from such failure.

ARTICLE 17 - INSURANCE

MIRA shall be included as additional insured on all liability insurance, including General Liability, Excess Liability, Automobile

17.6 Acceptability of Insurance

The surety must also be listed by the United States Treasury Department in its latest list as a qualified surety acceptable to the United States Government. Written evidence of how any excess suretyship has been placed by the surety signing the Bond must accompany the Bond.

Contractor shall maintain the Bond in full force and effect during the Term of this Agreement. The Bond shall be automatically renewed by Contractor on an annual basis, unless not later than ninety (90) days prior to the then current expiration dates of the Bond, Contractor notifies MIRA by certified mail that the surety of the Bond elects not to renew such Bond. Failure to maintain or renew the Bond under the aforesaid terms shall constitute an Event of Default by Contractor under this Agreement. If the surety on the Bond furnished by Contractor is declared bankrupt or becomes insolvent or its right to do business is terminated in the State of Connecticut or it ceases to meet the above requirements or the surety elects not to renew the Bond due to no fault of Contractor, Contractor shall immediately substitute another bond (or another letter of credit) and surety, subject to the requirements set forth in this Section 17.10.

In the event Contractor fails to perform any of its obligations under this Agreement, withdraws from this Agreement, an Event of Default occurs or the contract is terminated, MIRA shall have the right, in addition to all other rights and remedies available to MIRA hereunder or otherwise, to exercise any or all of MIRA’s rights and remedies under the Bond.

ARTICLE 18 - INDEMNIFICATION

18.1 Indemnification by Contractor

Contractor at its sole cost and expense shall indemnify, defend and hold harmless MIRA and its directors, officers, employees, servants, representatives, agents, successors and assigns (collectively, the “MIRA Indemnified Parties”) from and against any and all liabilities, penalties, fines, violations, sanctions, damages, losses, settlements, orders,
decrees, liens, debts, charges, executions, interest, personal injuries, costs and expenses, including attorneys’ and other professionals’ fees and court costs (collectively, “Costs”) arising directly or indirectly in connection with any and all Third Party (including employees of Contractor and MIRA) suits, claims, actions and causes of action, fees, damages, administrative proceedings, losses, obligations, penalties, assertions, judgments, inquiries, demands, investigations and proceedings pending or threatened, whether mature, unmatured, contingent, known or unknown, at law or in equity, in any forum (collectively, “Claims”) arising directly or indirectly from: (i) any misrepresentation or breach of any representation or warranty herein by Contractor; (ii) acts of negligent commission or omission by Contractor with respect to the performance of its obligations hereunder; (iii) any other breach of this Agreement by Contractor; (iv) any act of negligent commission or omission by Contractor with respect to oversight and management of any Subcontractor or Capital Project Contractor; and (v) any Environmental Condition caused by Contractor, or Contractor’s negligent oversight and management of any Subcontractor or any Capital Project Contractor. Without limitation of the preceding sentence, Contractor shall not be required to indemnify, defend and hold harmless any MIRA Indemnified Party for any Costs or Claim due to the proven willful misconduct or negligence of any MIRA Indemnified Party, and the MIRA Indemnified Party whose willful misconduct or negligence is adjudged to have caused such Costs or Claim will reimburse Contractor for its expenses in defending any Claim as required above. Contractor shall use counsel reasonably acceptable to MIRA in performing its obligations under this Article 18. Contractor’s obligations to indemnify, defend and hold harmless the MIRA Indemnified Parties against any Claim, includes any Claim arising from any breach by Contractor of any confidentiality obligations with respect to any part of or all of the RFP, or any claimed infringement by Contractor of any Person’s intellectual property rights or other proprietary rights. Each receiving Party further agrees, to the extent requested by the disclosing Party and required by this Agreement, to require its Subcontractors, Capital Project Contractors, other contractors, vendors, suppliers, and employees, agents or prospective purchasers to preserve the confidentiality of Confidential Information. The receiving Party may make necessary disclosures to any Third Party directly engaged in the operation, ownership or financing of the Facility, if such Third Party is under a written obligation to receive and hold such Confidential Information in confidence, in a manner at least equal to the requirements of this Agreement.

provisions of this Article 21; subject to the provisions of this Section 21.3. Prior to making any such disclosure, the disclosing Party shall have the opportunity to review and comment upon the Confidential Information subject to the disclosure request. The disclosing Party and the receiving Party shall discuss the scope and content of the requested Confidential Information, and shall cooperate to the maximum extent practicable to minimize disclosure of such Confidential Information. The disclosing Party shall have the right to respond to any demand for disclosure and to require the receiving Party, at the disclosing Party’s expense, to withhold disclosure to the extent permitted by Applicable Law. Any Subcontracting of the Services or the execution and performance of a Capital Project Contract by Contractor, shall not relieve Contractor of its duties, liabilities or obligations to MIRA.

22.3 Not for Benefit of Third Parties

Except where a contrary intention is expressly stated, this Agreement and each and every provision hereof are for the exclusive benefit of the Parties and not for the benefit of any Third Party.

22.4 Force Majeure

22.4.1 Events Constituting Force Majeure

A “Force Majeure Event” is any event that restricts or prevents performance under this Agreement by either Party, is not reasonably within the control of, or caused by any act of commission or omission of an affected Party, and cannot be overcome or avoided by the exercise of due care. Force Majeure Events include any drought, flood, earthquake, storm, fire, lightning, explosion, epidemic, war, act of terrorism, acts of Governmental Authorities, civil disturbances, sabotage, work stoppages (e.g., strikes), accident, curtailment of supply, unavailability of construction materials or replacement equipment beyond the affected Party's control, inability to obtain and maintain any Permit, restraint by court order, and
changes in Applicable Law that materially affect performance under this Agreement. Except for all accrued payment obligations of each Party, each Party shall be excused from performance, and will not be considered to be in default in respect to any obligation hereunder, if performance cannot occur due to a Force Majeure Event. Neither Party shall be relieved of its obligations under this Agreement solely because of increased costs or other adverse economic consequences that may be incurred through the performance of such obligations. Strikes, work stoppages, secondary boycotts or walkouts shall not be a Force Majeure Event if such action is due to: (a) Contractor’s breach of its labor agreement with any collective bargaining representative of its employees engaged in such actions; (b) Contractor’s lack of good faith or maintenance of an unreasonable economic position in negotiating with any collective bargaining representative of the unit employees engaged in such actions; (c) Contractor’s willful disregard in the context of labor negotiations of its obligations under this Agreement with the intent or effect of hindering, interfering with, or otherwise adversely affecting the Facility or of gaining an unfair advantage over MIRA with respect to the Facility or this Agreement; or (d) any lack of cooperation or resistance on the part of the previous operators of the Facility, excluding any materials or documents previous operators remove from the Facility.

22.4.2 Notice

22.4.3 Scope

The suspension of performance arising from a Force Majeure Event shall be of no greater scope and no longer duration than necessary to deal with such Force Majeure Event. The excused Party shall use commercially reasonable efforts to remedy any inability to perform its obligations hereunder as the result of a Force Majeure Event.

22.5 Dispute Resolution

22.5.1 Assertion of Disputes

A Party seeking to assert the existence of a dispute, difference in interpretation, claim or other controversy pertaining to, arising out of or otherwise relating to this Agreement or an asserted breach hereof (individually, a “Dispute”), shall provide written notice of such Dispute to the other Party, describing the nature and substance of the Dispute. Each of Contractor and MIRA shall designate a representative who shall promptly begin discussions in an effort to agree upon a resolution of the Dispute. the Dispute within thirty (30) days after the referral of such Dispute to them, either Party may elect to abandon the discussions and pursue resolution of the Dispute as provided below.

22.5.2 Adjudication of Disputes

Any Dispute which the Parties are unable to resolve themselves shall be resolved by a court of competent jurisdiction in Connecticut, unless the Parties jointly agree to do so by arbitration or mediation. The Parties shall continue to perform all of their obligations under this Agreement during the pendency of any proceeding under this Section 22.5.

22.5.3 Expenses of Litigation

If any suit or other action at law or in equity is commenced to enforce or construe any provision of this Agreement or to resolve any Dispute arising out of or in connection with this Agreement, each party shall pay its own costs and attorneys' fees, unless (a) such suit or action relates to an act or Event of Default (as defined in this Agreement), in which case the party in default shall pay the party not in default a reasonable sum for the non-defaulting party's attorneys' fees and costs of suit; or (b) otherwise specified elsewhere in this Agreement.

22.6 Amendments

No amendments or modifications of this Agreement shall be valid unless in writing and executed by duly authorized representatives of the Parties.

22.7 No Waiver

No delay, waiver or omission by a Party to exercise any right or power arising from any breach or default by the other Party of any representation, warranty, covenant or other provision of this Agreement, shall be a waiver of any subsequent breach or default of the same or other presentation, warranty, covenant or provision hereof.

22.8 Notices

Any written notice under this Agreement shall be deemed to have been duly given on the date of receipt, and shall be either delivered personally to the Party to whom notice is given, or mailed to the Party to whom notice is to be given, by facsimile, email, courier service or first class registered or certified mail, return receipt requested, postage prepaid, and addressed to the addressee at the address indicated on the first page of this Agreement, or at the most recent address specified by written notice given in the manner provided in this Section 22.8.

22.9 Counterparts

This Agreement may be executed in any number of counterparts or separate counterparts, that, when signed by each of the Parties, constitute one and the same instrument. Thereafter, each counterpart shall be deemed an original instrument as against any Party who has signed it.

Upon any such determination of invalidity, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in an acceptable manner in order that this Agreement is consummated as originally contemplated to the greatest extent possible.

22.13 Entire Agreement

This Agreement contains the entire agreement between the parties hereto regarding the subject matter hereof. Any prior or contemporaneous oral and written representations, agreements, understandings and/or statements respecting this subject matter shall be of no force and effect, including without limitation the RFP and any proposals submitted in response thereto.

BOND
Date: __________, 2021
Amount: $___________

TERMS AND CONDITIONS

1. The Contractor and the Surety jointly and severally bind themselves, their heirs, executors, administrators, successors and assigns to the Owner for the performance of the Transfer Agreement for the Connecticut Solid Waste System Recycling Facility (the "Agreement"), the terms of which are incorporated herein by reference. Any singular reference to the Contractor, the Surety, the Owner or any other party herein shall be considered plural where applicable.

2. If the Contractor performs the Agreement, the Surety and the Contractor shall have no obligation under this Bond, except to participate in conferences as provided in Subparagraph 3.1.

3. If there is no Owner Default (as hereinafter defined), the Surety's obligation under this Bond shall arise after:
3.1. The Owner has notified the Contractor and the Surety at its address described in Paragraph 10 below, that the Owner is considering declaring a Contractor Default (as hereinafter defined) and has requested and attempted to arrange a conference with the Contractor and the Surety to be held not later than fifteen (15) days after the receipt of such notice to discuss methods of performing the Agreement. If the Owner, the Contractor and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Agreement, but such an agreement shall not waive the Owner's right, if any, to subsequently declare a Contractor Default; and

3.2. The Owner has declared a Contractor Default (as hereinafter defined) and formally terminated the Contractor's right to complete the Agreement. Such Contractor Default shall not be declared earlier than twenty (20) days after the Contractor and the Surety have received notice as provided in Subparagraph 3.1.

4. When the Owner has satisfied the conditions of Paragraph 3, the Surety shall promptly and at the Surety's expense take one of the following actions:

4.1. Arrange for the Contractor, with the consent of the Owner, to perform and complete the Agreement; or

4.2. Undertake to perform and complete the Agreement itself, through its agents or through independent contractors; or

4.3. 4.4. Waive its right to perform and complete, arrange for completion or obtain a new contractor and with reasonable promptness under the circumstances:

4.4.1. After investigation, determine the amount for which it may be liable to the Owner and, as soon as practicable after the amount is determined, tender payment therefor to the Owner; or

4.4.2. Deny liability in whole or in part and notify the Owner citing reasons therefor.

5. If the Surety does not proceed as provided in Paragraph 4 with reasonable promptness, the Surety shall be deemed to be in default on this Bond three (3) days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Subparagraph 4.4 and the Owner refuses the payment tendered or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.
6. After the Owner has terminated the Contractor's right to complete the Agreement, and if the Surety elects to act under Subparagraph 4.1, 4.2 or 4.3 above, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Agreement, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Agreement. To the limit of the amount of this Bond, the Surety is obligated without duplication for:

6.1. The responsibilities of the Contractor for correction of defective work and completion of the Agreement;

6.2. Additional legal and delay costs resulting from the Contractor's Default and resulting from the actions or failure to act of the Surety under Paragraph 4; and

6.3. Damages, whether actual or liquidated damages, caused by delayed performance or non-performance of the Contractor.

7. The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Agreement. No right of action shall accrue on this Bond to any person or entity other than the Owner or its successors and assigns.

8. The Surety hereby waives notice of any change, including changes of time, to the Agreement or to related subcontracts, purchase orders and other obligations.

9. Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the Services or part of the Services are located and shall be instituted within two (2) years after Contractor Default or within two (2) years after the Contractor ceased working or within two (2) years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs last. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

10 Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the signature page of this Bond.

11. This Agreement shall be governed by and construed in accordance with the laws of the State of Connecticut as such laws are applied to contracts between Connecticut residents entered into and to be performed entirely in Connecticut.

12. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the Agreement was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. The intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

13.1. Contractor Default: Failure of the Contractor, which has neither been remedied nor waived, to perform or otherwise to comply with any of the terms of the Agreement.
13.2. Owner Default: Failure of the Owner, which has neither been remedied nor waived, to perform or otherwise to comply with the material terms of the Agreement.

SCHEDULE 14.3

OPERATING ACCOUNT
SCHEDULE 14.3

OPERATING ACCOUNT

On or before the Commencement Date for performance of the O&M services described in Article 3 of this Agreement for the Facility, Contractor shall establish one or more bank accounts to be determined in conjunction with MIRA which shall include but not be limited to an Operating Cost Account and a Capital Project Account. MIRA shall at all times maintain any bank-required minimum balance in the Account(s) pursuant to this Schedule. Any interest accruing and all amounts contained in such Account(s) at any time are for the benefit of MIRA and are to be used solely for the O&M Services and Capital Projects provided for in the Agreement and such Account(s) shall not be used for any cost associated with the T&D Services.

MIRA shall establish all procedures, which MIRA may revise from time-to-time in its sole discretion, regarding the expenditure of funds from such Account(s), which procedures shall include the requirement for the signature of at least two Contractor designated representatives on all checks or draws in any form against such Account(s). Such procedures shall also specify all monthly bank reconciliation by Contractor, reporting and documentation requirements associated with expenditures from the Account(s).

Contractor shall designate in writing its procedures and designated representatives, which may be different parties depending upon the amount of any individual payment or draw. Contractor shall nominate Site Personnel, to be approved by MIRA, who shall have the written authority to sign checks against the Account(s) in accordance with the terms of this Agreement.

Any and all funds in such account at all times shall be exclusively for MIRA’s benefit.

Payments From the Account(s)

No later than fifteen (15) days prior to the start of each calendar month, Contractor will deliver to MIRA a Draw Request for sufficient funds as reasonably anticipated by Contractor to become due and payable during the following month (the first Draw Request will be made as soon as practicable following the authorization by MIRA for Contractor to commence performing O&M services). Contractor shall itemize each Draw Request in such detail as MIRA may require. Contractor shall base each Draw Request upon the applicable approved Budget for the upcoming month and any approved modifications thereof, and calculate each such Draw Request to consider at a minimum: (i) credit to MIRA for amounts deposited in the Account(s) in response to previous Draw Requests that have not been spent as of the time of the current Draw Request, except for (A) any bank required minimum balance and (B) amounts not yet spent but for which commitments have been incurred; (ii) credit to MIRA for all interest that has accrued in the Account(s) since the most recent adjustment; and (iii) an allowance for any bank charges relating to the Account(s) that have accrued since the most recent adjustment. On or before the last day of the month during which a Draw Request is made, MIRA shall deposit the requested funds in the Account(s), subject to MIRA’s reasonable right to withhold amounts attributed to
any individual item in the Draw Request that MIRA disputes in writing at the time. The parties shall work in good faith to resolve any such disputes as quickly as possible and, once resolved, MIRA shall then deposit any additional amounts as may be appropriate.

Contractor shall pay third party providers of goods and services to the Facility only from funds provided by MIRA via the Account(s), and never from Contractor’s own funds.
