

Materials Innovation and Recycling Authority
Regular Board of Directors Meeting
Supplemental Information
November 10, 2021

I. Finance

1. Informational Reports for the period ending September 30, 2021 (**Attachment A**).

CSWS Financials	Property Division Financials
CSWS Electricity	MIRA Cash Flow
CSWS Solid Waste Summary	Improvement and Major Maintenance Funds
CSWS Recycling Summaries	Authority Budget
CSWS Metal Recovery Operations	

II. Summary of Project Activities

1. An update is provided on each project's monthly operations for the period ending September 30, 2021 (**Attachment B**).
2. An update is provided on waste deliveries to the CSWS project for the period ending September 30, 2021 (**Attachment C**).

III. Communications

1. Legal Expenditure Report for the period ending September 30, 2021 (**Attachment D**).

TAB A

BOARD OF DIRECTORS FINANCIAL REPORT
PERIOD ENDING

September 30, 2021

CSWS Financials - This report reflects the budget versus actual financial performance of the CSWS for the current month and on a year to date basis. This is an accrual basis report in that revenues are recognized when earned and expenses are recognized when incurred.

As indicated in this report, operating revenues for September totaled \$5.30 million (7.1% under budget). The deficit in Other Energy Markets is due to the timing of payment for Class II Renewable Energy Credits. Year to date operating revenues are 2.6% above budget. Total accrued expenditures for September were \$5.20 million (3.9% above budget) due to NAES contract operating charges. Accrued expenses include operation of the Recycling Facility as a recycling transfer operation, as well as transportation and disposal of pre-combustion ferrous metals, both of which came in under budget. Year to date accrued expenditures are 7.3% under budget. Year to date the CSWS has generated operating income of \$2.04 million which is \$1.53 million above budget.

CSWS Electricity - This report reflects CSWS budget versus actual electricity production, revenue and price for the current month and year to date. Energy revenue reconciles to CSWS Financials. All energy is presently sold in the wholesale energy market.

As indicated in this report, the CSWS total average energy price was \$0.0467 per kwh in September which is \$0.0126 per kwh (37.0%) above budget. Year to date energy price is 22.6% above budget. The CSWS generated 19.51 million Kwh of energy in September which was 1.40 million Kwh (6.7%) under budget. The plant ran at full capacity for 0 out of 30 days. Overall boiler availability was 61.4%. Boiler 11 was off line for 664.94 hours (7.6% availability) due to its planned major outage. Boiler 12 was off line for 154.23 hours (78.6% availability) initially due to restricted air flow and subsequently for a cleaning outage. Boiler 13 was off line for just 14.06 hours (98.0% availability) due to an FD fan failure. Turbine 5 was off line during three days for a cleaning outage. Turbine 6 was off line during three days due to boiler availability. On a year to date basis, in comparison to this period of fiscal year 2021, energy price is up 82.6%, production is up 4.8% and revenue is up 91.3%.

CSWS Solid Waste Summary - This report reflects the budget versus actual MSW tons delivered, revenue and price per ton for member towns, other contracts, waste haulers and spot.

September deliveries totaled 40,790 tons which is 1,896 tons (4.9%) above budget. Member town deliveries were 1,465 tons (4.2%) under budget while non-participating deliveries were 3,361 tons (90.9%) above budget. Prices for waste hauler tons averaged \$93.00 per ton in September reflecting the FY 2022 adopted tip fees and exclusive selection of the Authority's hybrid hauler contract transferring additional plant shutdown risk to the hauler. There were 1,871 tons of other contract waste delivered in September at the rate of \$80 per ton pursuant to contracts recently awarded by the Authority. There were no deliveries of spot waste in September. Price and delivery volume by contract type combine to produce total solid waste delivery revenue presently 0.3% under budget on a year to date basis.

BOARD OF DIRECTORS FINANCIAL REPORT
PERIOD ENDING September 30, 2021

CSWS Recycling Summary - This report reflects current month and year to date accrued revenue and expense associated with CSWS recycling operations stated in terms relevant to the Authority's waste hauler agreements, transfer station and Recycling Facility operating contracts.

As indicated in the summary report, 65.68 tons of non-participating recycling were delivered and assessed a tip fee of \$117 per ton for total revenue of \$7,685. There were no such deliveries budgeted. Operating expenses totaled \$154,955 which is 73% under budget for the month of September primarily due to a favorable Average Commodity Rate (ACR) adjustment under the Recycling Facility operating contract. Operating expenses include transportation from the CSWS transfer stations which are detailed on the Recycling Transportation Report, Recycling Facility contract operating charges which are detailed on the Recycling Contract Operating Report, Authority direct O&M expenses and Recycling Facility residue charges. Operating expenses are 60% under budget year to date.

CSWS Metals Sales - This report reflects budget versus actual sales of post combustion ferrous metals and maintenance metals stated in terms relevant to the Authority's metals transportation and processing contract.

In September, the Authority sold 97.14 gross tons of post combustion ferrous and 13.61 gross tons of maintenance metals for total revenue of \$12,818 which was 125% above budget due to strong pricing and higher than budget volume of ferrous sales. Metal sales are 189% above budget year to date. Note that the Authority no longer directly sells pre-combustion ferrous metals. This material continues to be extracted from the waste stream and transported for further processing and remarketing but not in the form of a revenue sharing agreement. This waste transportation expense is included on the CSWS Monthly Financial Report (within Waste Transportation).

Property Division Financials - This report reflects the budget versus actual financial performance of the Authority's Property Division for the current month and on a year to date basis. This is an accrual basis report in that revenues are recognized when earned and expenses are recognized when incurred.

As indicated, revenue to the Property Division was 10.2% below budget in September due to low real time energy sales and interest earnings. Operating expenses were 21.5% above budget due to Jets operating charges. Total operating income is 8.3% above budget year to date.

MIRA Cash Flow - This "cash basis" report reflects the monthly flow of cash through the bank accounts and STIF reserve funds that represent all of the Authority's ongoing operations. The flow of funds is executed monthly in accordance with Board approved criteria.

As indicated in this report, Property Division cash receipts for September were sufficient to distribute \$849,436 to the Tip Fee Stabilization Fund. Year to date distributions to the Tip Fee Stabilization Fund in support of FY 2022 budgets for July through November are \$3,337,164. CSWS cash receipts were not sufficient to execute budgeted distributions to the CSWS Operating STIF, Improvement and Major Maintenance funds causing a \$849,444 draw from the Tip Fee Stabilization Fund. After the distribution of September receipts, \$64,087,958 remained contingently due to the Tip Fee Stabilization Fund from CSWS.

CSWS Improvement & Major Maintenance Funds - These reports reflect budget versus actual funds advanced primarily to the operator of the Resource Recovery Facility for major maintenance and capital improvement projects approved monthly by the Authority. Actual costs initially reflect funds advanced which are subsequently adjusted when the project is completed. In September, the Authority advanced a net amount of \$1,279,044 from the Major Maintenance Fund to NAES primarily for the Boiler 11 major outage.

Mark T. Daley, Chief Financial Officer

- Ending balances include the fund transfers represented on this flow of funds as a distribution. Excludes receipt of customer security deposits /guarantees of payment and Mid-Connecticut reserves not subject to disbursement or funding in accordance with adopted flow of funds.
- The CSWS Operating STIF account was short funded by \$112,910.04 due to a shortfall from September cash receipts and a lack of unencumbered funds in the CSWS Tip Fee Stabilization reserve.
- The YTD CSWS Operating STIF account has been short funded by \$1,493,546.55
- After the distribution of September receipts, \$64,087,958.36 remained due to the Tip Fee Stabilization Fund from the CSWS.
- YTD \$3,337,164.97 has been contributed to the CSWS Tip Fee Stabilization reserve from receipts.

YTD VARIANCE EXPLANATION

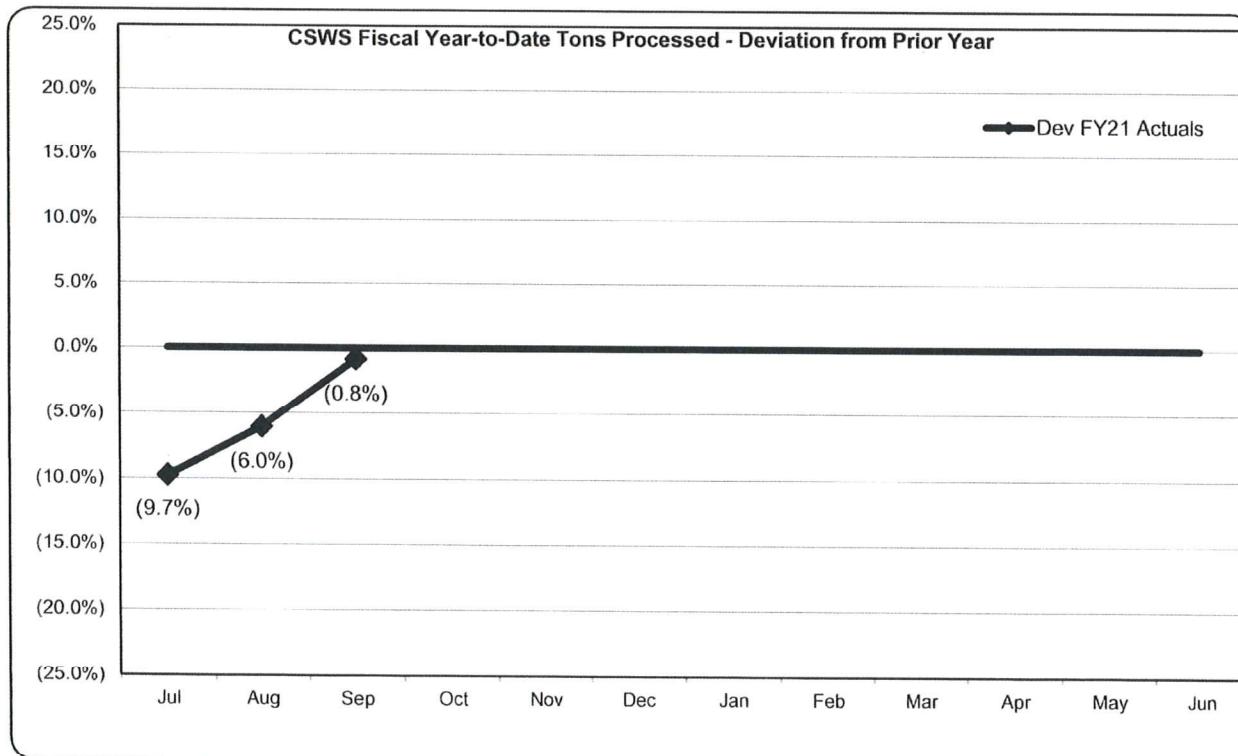

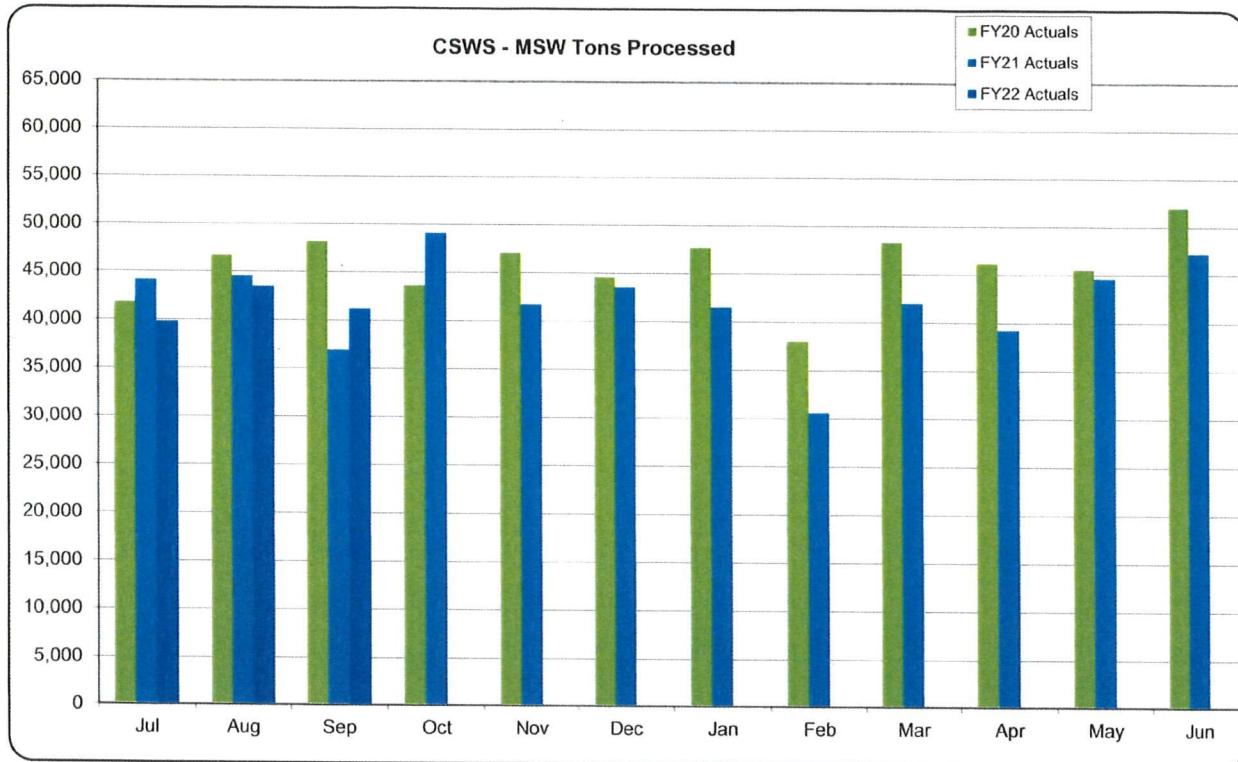

- (a) Favorable due to lower than budgeted direct and indirect labor & benefits allocation related to the following:
 - reversal of accrued FY21 Payroll expenditure of approximately \$34k;
 - lower than budgeted salaries and benefits due to an employee who is on medical leave and receiving disability compensation and resignation of two employees at the end of July 2021;
 - lower than budgeted employee medical insurance premium;
 - offset by payments made in Aug 2021 for accrued leave earned by the two employees that resigned in Jul 2021.
- (b) Unfavorable primarily due to higher than budgeted insurance premium.
