

**ADDENDUM NO. 2
Issued April 10, 2024**

TO

REQUEST FOR PROPOSALS

**For the Sale and Removal of
Inoperable Heavy Equipment and Attachments
and Miscellaneous Scrap Metals
Located at the Hartford Connecticut
Resource Recovery Facility**

(RFP Number 24-AUTH-007)

Note: Entities submitting a Proposal are required to acknowledge this and all Addenda in Section 4 of the Proposal Form.

1. REMOVAL OF ITEMS FROM RFP EXHIBIT A (TO BE MADE AVAILABLE VIA SEPARATE RFP)

By way of this Addendum 2, the following two items are being removed from RFP Exhibit A and are no longer being made available via this RFP:

- The Case 580 backhoe originally listed as Item 16 of Exhibit A
- The CAT 938M loader originally listed as Item 15 of Exhibit A

Both of those items have been found to be operable. Any parties interested in either of those items should see the separate MIRA Dissolution Authority RFP 24-AUTH-008 (RFP for the Marketing Brokerage Sale and Removal of Operable Heavy Equipment Located at the Hartford Connecticut South Meadows Site) where these operable pieces of equipment will be listed.

2. DIMENSIONS OF ROLL-OFF COVERS IN RFP EXHIBIT A

Items 23 and 24 of Exhibit A are roll-off covers originally designed to cover a 20-yard roll-off container. The plastic hood top to the unit is approximately 20ft x 8ft. The 1” plate steel bottom of the unit is approximately 15ft x 8.4ft.

3. LENGTHS OF LOOSE SCRAP METAL IN RFP EXHIBIT B

Except for the T22 Boiler Tubes (Item 25 of RFP Exhibit B), the longest piece of metal listed in Exhibit B is approximately 26 feet.

The Boiler Tubes (Item 25 of RFP Exhibit B) are in bundles of varying quantities and lengths estimated as follows:

- 9 bundles, 18 pieces each – 39 feet long
- 7 bundles, 23 pieces each – 31 feet long
- 9 bundles, 28 pieces each – 25 feet long
- 20 bundles, 31 pieces each – 22 feet long

- END OF ADDENDUM 2 -
